

52 Week Savings Challenge

Setting small, consistent saving goals and increasing them over time can help you take a big step towards meeting a larger savings goal. Take this 52-week savings challenge to save over \$300 in one year.

52 Week Challenge: Start by putting 25 cents (25¢) into your savings account or piggy bank. Each week your goal is to add 25¢ to what you saved the prior week. For example, in week one you deposit 25¢, in week two 50¢, in week three 75¢, and so on. Track your savings and calculate your growing balance with each deposit!

Bonus Challenge: If you have extra money available, push yourself to save more than the noted amount.

WEEK	DEPOSIT	BALANCE	WEEK	DEPOSIT	BALANCE
1	\$0.25		27	\$6.75	
2	\$0.50		28	\$7.00	
3	\$0.75		29	\$7.25	
4	\$1.00		30	\$7.50	
5	\$1.25		31	\$7.75
