

## Activating Samsung Pay

### Steps – Samsung Pay Customer Activation

1. Identify if you have a compatible device (see the chart below.) If you have a compatible device proceed to Step 2. If you do not have a compatible device you will not be able to activate Samsung Pay for your MB&T debit card.

### Samsung Pay is compatible with these devices.

| Products   | In Apps   | Stores  |
|--|---|---|
| <br><b>Samsung Phone</b><br>S6 or later<br><small>All devices must have activated the Samsung Pay App</small> |  |  |
| <br><b>Samsung Tablet</b><br>Galaxy Note 5 or later   |  |  |

2. Navigate to and touch Apps > Samsung Pay.
3. Touch START.
4. Enter your Samsung account info. Then, touch SIGN IN. *(If you do not have a Samsung account, create an account by touching Sign up.)*

5. Review the Samsung Pay Terms of Service. Then, touch AGREE TO ALL.

(continued)

6. To assign your fingerprint as the verification method, touch USE FINGERPRINT. *(If you have not registered your fingerprint on your device, you will be given a chance to do so.)*

[Skip and use Samsung Pay PIN.](#)

USE FINGERPRINT

7. To assign a four digit Samsung Pay PIN instead of using your fingerprint, touch Skip and use Samsung Pay PIN.
8. If you do not have Pattern, PIN or Password lock set up, you will be required to set one up.
9. To register your fingerprint, place your finger on the Home button. After the device detects your finger, lift it up and place it on the Home button again. Repeat this action by moving your finger upwards or downwards until the fingerprint is registered. *(For best results, keep your finger flat against the Home button and lift it up at a moderate speed. The fingerprint sensor is sensitive to moisture, so make sure both the sensor and your hands are dry.)*

10. To verify your fingerprint, touch the Home button with the registered finger.
11. You can now add your payment cards and use Samsung Pay.

## Add MB&T Card to Samsung Pay

1. Navigate to and touch Apps > Samsung Pay.
2. Navigate to and touch ADD > Add a credit card or debit card.
3. Align your payment card inside the frame. Samsung Pay will automatically detect the card number and expiration date. *(If your device cannot detect the card information, touch Enter card manually.)*
4. Enter any remaining required information. Then, touch NEXT.

< Enter card info

Cardholder name  
Enter the name as it appears on your card. 15/18  
UN J JEONG

Expiration date  
06 / 17

Security code (CVV/CVV2)  
\*\*\* ?

Pin/OTP code  
07024

For card registration and fraud prevention purposes, information about your card, device, account, and/or location may be sent to your card networks or issuers when you add cards or use Samsung Pay.
